

DAKAR JUNIOR

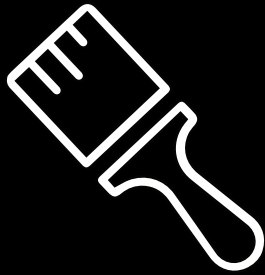

THE CAR

The Dakar Junior is a variation of our existing 911 model. We were inspired by a car that four decades ago, shocked the motor sport world by winning the world's greatest long-distance off-road event. Brought out in-conduction with the Porsche 911's 40th anniversary of the legendary win at Dakar - Paris Rally, we pay tribute to a truly remarkable vehicle.

SPECIFICATION

MECHANICAL:

The Dakar Junior is powered by a key start, 15hp 400cc engine, reaching speeds of up to 50mph (though speed can be restricted if desired.) Brembo hydraulic disc brakes bring the car to a stop, paired with independent wishbone suspension and coil-over shock absorbers, 12-inch wheels with increased 5' ground clearance ensure a smooth drive over any terrain.

Utilising full size car engineering, simply scaled down.

BODY:

A nod to the historic original "Rothmans" livery - the two-tone paint finish in White/Gentian Blue Metallic, decorative stripes in Gold/Red, pay homage to the legendary 1984, Porsche 953.

The body constructed from GRP (Carbon fibre variant available) - Side number & registration plate can be chosen individually.

INTERIOR:

Accompanying the vibrant paintwork, the cockpit features two leather upholstered seats with customisable cloth inserts. A hand-stitched Mota Lita steering wheel is accompanied by a dashboard and an instrument cluster.

DIMENSIONS:

3.00 x 1.40 x 1.00m

Suitable for one or two drivers.
